

DANISH OIL

wood care

Danish Oil is a unique blend of penetrating oil & varnish hardens in the wood, not on the wood. Seals, & Protects in one easy step

Oak + Ore Danish Oil is a unique blend of penetrating oil & varnish hardens in the wood, not on the wood.

Oak + Ore Danish Oil penetrates deep into wood pores to protect from within and to enhance the natural look and feel of the wood.

It creates the rich, warm glow of a traditional hand-rubbed finish. Many projects can be completed in less than an hour – simply brush or wipe on and wipe off. Oak + Ore Danish Oil is the choice of fine woodworkers and novices alike. Please read product labels for additional directions and precautions before using.

Indoor/Outdoor Use
Seals, & Protects in one easy step
Will not crack, chip, or peel
